

Right to Housing

KEEP PUBLIC HOUSING PUBLIC IN MANITOBA!

The Pallister government plans to sell our public housing. We need your help to tell the Province we want to Keep Public Housing Public.

WHY PUBLIC HOUSING?

Public housing is the most affordable housing. Public ownership of housing is a vital part of our social safety net - ensuring the provision and security of a home before profit.

For people with very low incomes, it is the only housing they can afford.

Good quality public housing can help us:

- End homelessness
- Protect and improve public health outcomes
- Reduce poverty
- Keep children with their families and out of government care
- Keep Manitobans out of justice and health care facilities
- Invest in justice for racialized populations
